CIA PARTICIPATION IN
INTERDEPARTMENTAL COMMITTEES

1. As a result of a survey and report prepared by OIC on 17 May 1951 at the request of the DCI, OIC has a continuing responsibility to review the CIA situation in respect of interdepartmental committees periodically and to report.
2. Status: OIC has discussed this matter recently with the Offices and has received from those Offices up to date information with regard to the interagency committees on which the Offices are represented for CIA. The procedures and principles reviewed in the survey paper are being met substantially. OIC does not believe any action is required at this time with regard to the general question of interdepartmental committees.
